Dear Keith,

It was great to catch up with you at Pequod's a couple months ago. On behalf of NorthShore University HealthSystem (NorthShore), I want to thank you for your recent gift to Caitlin's F.R.A.N.K.I.E Fund for Cancer Care. Your support continues to make a very real and direct impact on the lives of patients at NorthShore Kellogg Cancer Center. Thank you for your kindness and generosity.

As you know, patients with cancer undergo a great deal of stress. The often debilitating treatments affect patients' physical and emotional well-being, and at times it contributes to financial problems for the patients. Your continued support provides a significant and meaningful impact on the patient's quality-of-life, their care experience and their ability to receive medications that they otherwise could not afford.

Always feel free to contact me if I can be of any service to you or your family. Thank you again for your partnership.

Sincerely,

Bruce E. Brockstein, MD
